INTERNATIONAL SHIPMENT NOTICE

Please note that the price does not include tariffs, VAT, duties, import taxes, or any customs fees. International orders do incur import taxes, customs fees, or duties. They are the responsibility of the customer and OpenBCI, Inc. does not cover these fees. You **MUST** periodically check on the status of your order to determine if local customs has your package. Customs will send your purchase back if they do not receive a response from you. Expect to pay up to ~30% of the order total, if shipping to Europe. For most other countries, the total import cost is up to 10-20% of the item value.
